Instructions for Using Forms in Acrobat Reader

You may print this form on your printer as is and blank. You may then complete the form as you normally would if you had received it blank from the court.

Unlike some forms, this one is not either not setup to allow on screen entry of data or does not require entry of data. The option available to you is printing.

You may use the help file that accompanies Acrobat Reader for more detailed information on how to navigate around and for information on the uses of the icon buttons found at the top of the screen on the Acrobat Reader toolbar.

This page of instructions will print each time you choose Print All from the Print Dialog Box. You must either choose Print Current Page (if applicable form is only on 1 page) or define a range of pages that you desire to print. This instruction page will always be found on the last page. For example, if the applicable form has 3 pages, then you will omit printing the instructions if you choose to print pages 1 and 2.

If you have any questions, please call Frank Baker at 765-5436 ext. 3042.
